MATRIMONIAL.

Not a marriage license has been issued in Nicholas county since June 23. J. B. Wright and Miss Dovie Merit, of Parkville, were married in Danville. Clarence Austin and Miss Fny Fletcher were made one at K. G. Martin's Saturday.

Rev. Alfred Harrison Burroughs, of Bristol Tenn., has just married his 3,000th couple.

Mr. and Mrs. W. R. Waters announce the engagement of their daughter, Miss Henshaw Waters, to Mr. George Barnes Woodcock, of Danville. —Courier-Journal.

Mr. Shelby Irvine Tribble, of Richmond, who used to work in this office, was married at Harriman, Tenn., on the 4th to Miss Florence Sander. Mr. Tribble is a relative of the family of Mr. P. P. Nunnelley, of this place, and is a fine young man.

Mr. and Mrs. C. C. Withers announce the engagement and approaching marriage of their niece, Miss Adelaide Newell McClary to Mr. William W. Humphries, of Arkansas. The wedding will take place on September 1st at the Baptist church here.

At the home of the bride's father, Mr. J. C. King, in west Norman, on Tuesday evening, July 20th, occurred a very quiet wedding when his daughter, Miss Anna Lollie, was united in marriage to Mr. Howard Sylvanus Henley, a prominent young business man of Tuttle, Okla. Precisely at 10 o'clock, as the wedding march was beautifully played by Miss Elizabeth King, the happy couple entered the parlor preceded by two little flower girls, Misses Josephine King and Dora Childress, who scattered roses in their pathway. Standing amid flowers and foliage of beautiful design and decoration, the minister, Rev. Willis, of the Edmund Baptist church, in a short but impressive ceremony pronounced them husband and wife. The bride was becomingly attired in a dress of purest white Massaline, made on train and with real valenciennes lace and pearl trimming, together with orange blossoms to hold bridal veil in place. She was a real bride and beautiful to look upon. The groom wore the conventional black. After congratulations the bridal couple led the way to the dining room where an elegant five-course luncheon was served. The bride was no less tastefully dressed when she appeared in a suit of dark green, embroidered linen, large black hat with only plumes for trimming, and black gloves, ready to bid farewell to friends ere they left on their wedding trip, which includes several States, the gulf and great lakes. They will visit the groom's mother at Spiceland, Ind., and the bride's childhood home and early friends at Crab Orchard, Ky.

Mr. Henley is one of the staunchest business men in his home town, which is one of the most progressive small towns in the State. He is well prepared in every way to take care of this excellent lady he has been so fortunate in claiming as his bride. Miss King was considered one of Norman's most amiable young ladies and is worthy in every way of the respect and love of the one who has claimed her. They will be at home to their friends in Tuttle after Sept. 15. We congratulate not only the young man who has chosen so wisely and well, but also the new circle of friends with whom this new bride is soon to be associated, for her ideals are of the good and beautiful and her christian influence will be felt wherever she may be.

The Transcript, with a host of friends here, wishes them a long, happy and pleasant voyage down the stream of life. —Norman, Okla., Transcript.

IN NEIGHBORING COUNTIES.

James Gay, aged 50, dropped dead at Hyattsville.

Frank Arnold is dead in the Hyattsville section of Garrard.

Garrett Mann, aged 60, and a well-known citizen of Millersburg, is dead.

Henry Bullock, aged 19, was killed by a falling tree in Rockcastle county.

James T. Price has been appointed postmaster at Dahney, Pulaski county.

William Gill was held in \$2,000 bond for killing his brother-in-law, Al Johnson, in Pulaski.

Virgil Starns, who killed his father, James Starns, in the Woodstock section of Pulaski, was held without bail.

Sam Chitwood and Cal Ball were drowned in the South Fork of Cumberland river near Worley, Pulaski county.

A man who gave his name as George Pearce, of Chicago, was taken off the train at Danville suffering from hydrophobia. He broke out car windows, threw suit cases at the passengers and barked like a dog.

At Lexington on July 3, Judge Parker handed down a decision granting an absolute divorce to Mrs. Mary Lawrence Keene from Foxhall Keene, the noted polo player and son of James R. Keene, the New York millionaire broker and turfman.

Mrs. Josephine Boner died at her home near Bryantsville, Lower Garrard, after an illness of several weeks, aged 66 years. She leaves nine children — Mesdames R. K. Swope, C. C. Becker, John Peters, of Mackville; John Johnston, of Lancaster, and Mrs. Carrie Moss, of Jessamine; Messrs. Thomas, Charles, William and John Boner.

L. & N. freight trains Nos. 98 and 99, the latter a double-header, met head-on at Excelsior, Bell county. All three of the locomotives were reduced to scrap iron by the tremendous impact and several of the loaded cars were split into kindling wood. John Williams, conductor; Tom Tipton, engineer; Charles Hicks, fireman; J. L. Edwards, flagman; Robert Alder, engineer; George Day, engineer, and Hugh Harris, brakeman, were all badly hurt.

Mr. Felix Owens, one of the good democrats of the Mayo section, was one of the 300 or 400 democrats who paid us their respects Monday, and he told us a remarkable incident. He had a fine ewe to die, leaving a lamb. He tried to teach the lamb to drink from a bottle, but it refused to do so and got wilder and wilder. He was forced to turn it out to make its own living if it could, but one morning on going out to milk he saw the lamb sucking his fine Jersey cow and it is now the fattest lamb on his place. The cow treats it just as if it was her own calf and has made no objection to the arrangement. —Harrodsburg Herald.

Washington's Plague Spots

lie in the low, marshy bottoms of the Potomac, the breeding ground of malarial germs. These germs cause chills, fever and ague, biliousness, jaundice, lassitude, weakness and general debility and bring suffering or death to thousands yearly. But Electric Bitters never fail to destroy them and cure malarial troubles. "They are the best all-round tonic and cure for malaria I ever used," writes E. M. James, of Louellen, S. C. They cure Stomach, Liver, Kidney and Blood Troubles and will prevent Typhoid. Try them, 50c. Guaranteed by Penny's Drug Store.

POLITICAL.

Law Shank won the republican nomination for mayor of Indianapolis by a majority of 13,270.

President Taft is to take a long trip this Fall and will spend two days at the Alaskan-Yukon Exposition.

The Alabama House passed the bill providing for an election incorporating prohibition in the State Constitution by a vote of 70 to 29.

The republicans of Henderson county nominated J. M. Benham for Representative and made no other nominations for county offices.

The democrats of the Legislative district composed of Carter and Elliott counties nominated G. W. Kazee for Representative.

Owen Tyler has announced for mayor of Louisville on the Independence ticket. He ran on the democratic ticket against the present mayor two years ago.

The name of Wheeler Campbell is mentioned as having something to do with the transfer of the Louisville Herald to its new owners. Whoinell is Wheeler Campbell?—Cadiz Record.

William James Connors, chairman of the democratic State committee of New York, and owner of the Buffalo Courier and Buffalo Enquirer, has brought suit for criminal libel against the owners of Collier's Weekly, demanding \$100,000 damages.

The Carmichael prohibition bill—far more drastic than the present statutory State-wide prohibition law—passed the Alabama Senate by a vote of 28 to 2, and which now awaits only the signature of Alabama's prohibition executive before becoming a law.

President Taft has decided that in appointing census supervisors, republicans only will be named in the Northern and Western States. In the Southern States, with the exception of Kentucky, Tennessee, Missouri and North Carolina, half of the supervisors will be democrats. Considering the four Southern States named as debatable ground the president will name members of his own party in the hope of strengthening.

CASHER W. M. BRIGHT, of the Lincoln County National Bank, has our thanks for several of the new Lincoln pennies, which made their appearance in Stanford Thursday. The pennies are specially interesting, not only because they bear the head and shoulders of the great war president, but also because of the story attaching to the artist who designed them. The design was made by Victor D. Brenner, who came to this country from Russia when a boy. The artist chose a study of Lincoln when his features were relaxed in that winning, half-smile, which was so familiar to his intimate friends. It is said that when Brenner arrived in this country, a mere child, the first money he handled consisted of five pennies. He has treasured the memory of the United States penny as essentially the money of children. He therefore decided to associate the penny in honor of Lincoln with the smile which never failed to attract to him the children with whom Lincoln came in contact. The lettering on the penny is simple and conforms to the usual matter contained on the old-style penny.

'Twas A Glorious Victory.

There's rejoicing in Fedora, Tenn. A man's life has been saved, and now Dr. King's New Discovery is the talk of the town for curing C. V. Pepper of deadly lung hemorrhages. "I could not work nor get about," he writes, "and the doctors did me no good, but, after using Dr. King's New Discovery three weeks, I feel like a new man, and can do good work again." For weak, sore or diseased lungs, Coughs and Colds, Hemorrhages, Hay Fever, LaGrippe, Asthma or any Bronchial affection it stands unrivaled. Price 50c. and \$1. Trial bottle free. Sold and guaranteed by Penny's Drug Store.

CHURCH MATTERS.

ONE is forced to the conclusion, after reading Judge Parker's long drawn out and fearfully belated decision ousting the mayor and other democratic officials in Lexington that he read only the republican side of the case, as he makes no reference to the contention of the democrats. If the learned judge had used all his efforts to hit the psychological moment he could not have been more successful. It comes at a time to affect as much as possible the coming election, and to boost the judge's alleged independent candidacy for his office, for which the republicans have pledged their support, putting up no candidate of their party. We truly hope that the judge will not, by announcing his candidacy, show his loss of self-respect and at the same time lose the respect of every decent man who has been his friend. At any rate it is not believed that his decision will disrupt the democratic party or boost him again into office. The republican leaders may promise the vote of their party, but they can not "deliver the goods." The judge of Fayette county is a "dead one" and he will be so dead "that he stinketh" if he offers for the office after all that has happened.

THE deed is done, the die is cast. The tariff bill has been passed after nearly four months of labor, signed and sealed and on August 6 became the law of the land. No democrat in the Senate voted for the bill, but one, McEnery, of Louisiana, was paired for it. Several republicans voted against it. The party in power has signally failed to keep its platform pledges and it remains to be seen whether the voters will rebuke the failure in no uncertain way. We believe they will and that the next House will show a substantial democratic majority.

THOMAS H. COLLIER, democratic nominee for county judge of Nicholas, is dead. He defeated the present incumbent, Judge McNew, by one vote in the primary held last Spring. Judge McNew filed a contest, and the matter had not been settled when the contestee died.

It takes four columns of Brother Saufley Hughes' paper, the Centra Record, to print the notice of the commissioners' sale in the case of Carter vs Carter. As the law fixes a fair compensation, it looks after all that we poor editors may sometimes strike pay dirt.

A DISPATCH from Pennsylvania says that "an engine completely decapitated a man, killing him instantly." Such a catastrophe is calculated to kill a man instantly, but the Pennsylvanians may be so tenacious of life that it is necessary to be specific about it.

SCORE one for fashion. A girl at Roanoke, Va., tried to commit suicide by shooting herself in the head, but the bullet got tangled up in her rat and failed to penetrate the skull. So she lives an example of saved from death by a foolish decree of fashion.

PRESIDENT TANT is soon to begin a tour of the country which will embrace 13,000 miles. He evidently is determined to do his best toward dissipating that \$25,000 that Congress voted him for traveling expenses.

It looks like hades is to play over in Lexington. Judge Parker has ousted as far as he can the leading municipal officers, the mayor has been indicted for nonfeasance, the board of public works for failure to have the streets repaired, the fiscal court for permitting the highway to be obstructed, the master commissioner for renting a house for immoral purposes, the street car companies for not keeping up its tracks, a number for keeping gambling houses, a large number for keeping immoral houses, and so on. Rumor has it that there is a good deal of politics in some of those indictments, color to which is lent by their coming on the heels of the ouster decision of the court. However true this may be, the capital of the blue grass seems to be trying to live up to her reputation of being the second worst city in the Union in point of morals. It is a pity that with such surroundings and with every prospect pleasing, man should be so vile.

CALVIN POWERS is determined to give the mountaineers a chance to express themselves at the polls on the question of assassination as a political weapon. Congressman Edwards is a pretty good man, but he has never been charged with conspiring to procure assassination and he will therefore be at a disadvantage among assassination sympathizers. Republican leaders ought to lay down the law to Powers. His candidacy will be almost as great a mistake as the assassination of Gov. Goebel, as it is bound to drag that tragedy again into the limelight. Powers has no other claims on his party and it remains to be seen whether his connection with the assassination of Gov. Goebel is the political asset that he evidently regards it.

THE Rev. Burroughs, of Bristol, Tenn., holds the record for marrying elopers. He has just bound together his 3,000th couple till the divorce courts do part. It would be interesting to know how many of the hasty marriages atack and how many lived together happily ever afterwards, as the novelists say. It is dollars to doughnuts, however, that this record breaking tyer of matrimonial knots has been the innocent cause of more sorrow than joy and that hundreds of his couples are still repenting in leisure that they married so hastily.

WHEN Gen. P. P. Johnston cracked Denny B. Goode over the head with a cane for calling him "Peacock" he evidently thought that it would make Denny B. Goode hereafter, but the way he comes back in the Focus shows that if Denny B. Goode it isn't so that you would notice it. The former highly honored democrat, who is playing second fiddle for the republican administration, made a greater mistake than Moses, when he deliberately took the law he had sworn to conserve, into his own hands.

VIRGINIA democrats nominated William Hodges Mann for Governor over Harry St. George Tucker by a majority of about 5,000. This is somewhat of a victory for the temperance people. However, both are for local option, Mr. Mann stating unequivocally that he would sign a State-wide bill in the event it passed the Legislature and Mr. Tucker declaring that he would veto such a bill. It is hardly probable that such a bill will be passed at the next session of the General Assembly.

IN restoring Reuben Hodge to citizenship, in order that he may become town marshal of Lily, Gov. Willson indulges in some witticisms that are out of the ordinary in such cases. He says he grants the request of the citizens in order that "Lily, which is a coal mining town, may not be painted red by the natives," and indulges in other pleasantries which show that the governor may be able to get a "sit" on a funny paper after he steps down and out.

DURING the month of July the appraised value of precious stones and pearls received at the port of New York was \$5,112,957.11, compared with \$1,249,256.59 in 1908. This sets a new record for gems and is taken as a gauge of prosperity by those able to buy them, but we poor folks would rather hear something that would bring the prices of living down a figure or two.

WHEN a high peace officer takes the law into his own hands and assaults a newspaper man simply because he printed his name "Peacock" P. Johnston, isn't it time the general had handed in his resignation for keeps and not for takebacks? He is entirely too high strung for this taunting world.

THE Georgia Legislature doesn't like the constitutional amendment for an income tax. It tabled the resolution to ratify it. We opine that other States will be slow in helping the National Administration out of a hole.

WILL the new tariff bill be known as Bill Taft's Tariff Bill? It is indeed Payne-ful to consider the iniquitous enactment designed to make the trusts Aldrich and the rest of us all poor.

THERE is one consolation in the increased cost of living under the new tariff and that is that the poor man may not be able to keep more than one dog.

TO THE FARMERS.—Having lost my barn by fire and being insured in the Home Insurance Co., of New York, represented by Jesse D. Wearen, the insurance man, Stanford, Ky., it is with pleasure that I recommend both the company and Jesse D. Wearen to the farmers and insuring public. Furthermore, last year during the night rider trouble in our State, the Home Insurance Co., of New York, was the company that stood by the farmers; they did not stop writing tobacco barns, nor did they cancel any. I was compelled to change my policy from another company to the Home in order to get insurance on my tobacco barns, so I feel that the farmers should give a company of this kind the preference in placing their farm property. Wilson Alexander, Stanford, Ky. Aug. 5, 1909. 2t.

Cured Hay Fever and Summer Cold.

A. S. Nussbaum, Hatesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed only to aggravate it. Fortunately I insisted upon having Foley's Honey and Tar. It quickly cured me. My wife has since used Foley's Honey and Tar with the same success." Sold by New Stanford Drug Co.

The cigarette, once associated chiefly with Spanish and Turkish smokers, has attained a world-wide use. The consumption of manufactured cigarettes has largely increased both in the Orient and in Europe. In England they are replacing the pipe, the sales of cigarettes in the United Kingdom last year amounting \$75,000,000, as against \$45,000,000 spent for smoking tobacco. In this country the manufacture of cigarettes has reached the enormous total of more than 55 billions annually.

The State University, Lexington, Ky.

The State University, Lexington, Ky., offers the following courses, namely, Agricultural, Mechanical Engineering, Civil Engineering, Electrical Engineering, Mining Engineering, Chemical and seven Scientific courses, each of which extends over four years and leads to a bachelor's degree; also a department of Law and a Department of Education, which has been established instead of the Normal School. Persons who enter this department prepare for advanced work in pedagogy and are granted a bachelor's degree in this subject when completed. The Academy for preparatory instruction is retained.

County appointees receive free tuition, privilege of residence in the dormitories, fuel and light, traveling expenses, if they remain in consecutive months, or one college year.

The laboratories and museum are large, well equipped, comprehensive and modern. Military Science is fully provided for as required by Congress.

The graduates in the several courses of study readily find employment with liberal remuneration. The total number of matriculants for last year was 1,708. Each department has a specialist at its head, with the necessary number of assistants.

Young women find an excellent home, with board and lodging, in Patterson Hall, which is well equipped with all the modern conveniences, bathroom, hall for physical culture, at \$100 per week. All courses of study in the University are open to women on identical conditions with those applying to males.

The completion of the Agricultural, Mining Engineering, Laboratory and Education buildings afford ample and commodious quarters for these departments, which are rapidly increasing in the number of matriculants.

For catalogues, methods of obtaining appointments, information regarding courses of study and terms of admission, apply to JAS. K. PATTERSON, Ph. D., LL. D., Pres., or to D. O. PHAZER, Business Agent.

Cough Caution

Never, positively never poison your lungs. If you cough—even from a simple cold only—you should always treat, soothe, and calm the irritated bronchial tubes. Don't blindly suppress it with a stupefying poison. It's strange how some things snuffly some about. For twenty years Dr. Shoop has constantly warned people not to take cough mixtures or prescriptions containing Opium, Chloroform, or similar poisons. And now—a little late though—Congress says "Put it on the label. If poisons are in your Cough Mixture, Good! Very good! Hereafter for this very reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and note the difference. No poison marks there! You can always be on the safe side by demanding

He also has a large warehouse at Paint Lick and will be in the market at all times. In due time Mr. Kincaid will open a warehouse either at Kings Mountain or McKinney, where he will buy all grades of tobacco.

At a meeting of a number of the anti-saloon people of the county held yesterday it was decided to accept the proposition of the saloon people, stating that they would neither call nor countenance an election on the whisky question prior to March 12, 1911, and the election to have been held Oct. 1 or 2 was called off. We hope and believe the temperance people acted wisely as they get without an election half as much time as they would have, had the election been held.

MR. W. H. UNDERWOOD had a fine brood mare killed by lightning Thursday. On the same evening Mr. Jacob Gander had a valuable milk cow killed.

At commissioner's sale yesterday W. R. Denham bought the I. M. Bruce home on East Main street yesterday for \$1,100. He and J. C. Eubanks bought the Bruce stable on Depot street for \$2,500.

THURSDAY'S North-bound passenger jumped the track at Perth, Laurel county, and considerable damage was done. T. D. Anderson, the baggage master, whose home was in Louisville, was instantly killed. He was thrown some 25 or 30 feet and was also struck by some of the debris.

WHO CAN BEAT THIS?—Mr. S. J. Tatem, of the East End, noticing in our paper an account of a large piece of tobacco, phoned us yesterday that he has two leaves of tobacco that measure 25 inches wide and 45 inches long. Mr. Tatem is raising a crop of tobacco on Mr. Kenner Farris' place and it is a splendid one. Who can beat this?

A LODGE of Modern Woodmen of America was organized here Thursday night by R. B. Spurgeon, of Harrodsburg, district deputy, and E. L. Grubbs, of Shelby City, assistant district deputy. The following officers were elected: Rev. D. M. Walker, Consul; L. R. Hughes, Advisor; J. F. Engleman, Banker; J. B. Sartin, Clerk; R. R. Ware, Escort; A. A. Sharpe, Watchman; J. V. Price, Sentry; E. J. Brown, Physician; J. T. Manning, A. Parsons, Walter Singleton, Managers; J. T. Reynolds, Chief Forrester and Camp Deputy.

THE Chautauqua which begun at Walton's Opera House Thursday night under the auspices of the State-Wide Prohibition Committee of Kentucky has not drawn as large crowds as it should have. The speakers and entertainers have all been of a high class and those of our people who failed to hear them missed many treats. The first entertainer was Rev. Gardner, a fine cornetist, pianist and speaker. Then came Dr. Hall, lecturer, and Capt. Stanley, both good in their lines. Rev. Joe Jamison and T. Otto McPherson, violinist, rendered splendid programs Saturday and Sunday. The former preached an able sermon to a large crowd Sunday morning. All the churches gave way to him. Yesterday afternoon and last night Senator Reagan, the cartoonist and tax expert, delighted his hearers. The water wagon quartette furnished inspiring music. Senator Reagan and the quartette will be the attractions this afternoon and evening, when the Chautauqua will come to an end.

INDIVIDUAL FARMS

Will Be Given Unequalled Opportunities at the Great Blue Grass Fair.

CONDITIONS FOR EXHIBITS

All Kentucky Farmers Eligible to Enter Extraordinary Competitive Exhibit Under Simple Conditions Set Out Below.—Do Not Forget That Entries Close Monday, August 2.

In order to stimulate interest in improved agriculture and to offer opportunity to show to the world the character of farm products grown in this section, the Blue Grass Fair, to be held at Lexington the week of August 9-14, has framed conditions for the following exhibit, which should be one of its most attractive and beneficial features:

Exhibit of products from individual farms, not less than six from appended list to be shown, all to be grown by exhibitor, \$100, divided into four premiums—\$50, \$25, \$15, \$10.

From the following list the exhibitor is to choose not less than six products of his own farm to be shown, and it is also understood that exhibitor may show as many more than six as he may desire:

Burley Tobacco—One plant of green tobacco in pot or cut.

Hemp—Three-inch bundle.

Corn in Stalk—Six stalks.

Sorghum in Stalk—Six stalks.

Wheat in Stalk—Two-inch bundle.

Oats in Stalk—Two-inch bundle.

Rye in Stalk—Two-inch bundle.

Barley in Stalk—Two-inch bundle.

Alfalfa—Two-inch bundle.

Red Clover—Two-inch bundle.

Alsike—Two-inch bundle.

Crimson Clover—Two-inch bundle.

Soy Beans—Two-inch bundle.

Cow Peas—Two-inch bundle.

Blue Grass—Two-inch bundle.

Timothy—Two-inch bundle.

Orchard Grass—Two-inch bundle.

German millet—Two-inch bundle.

Potatoes—Selection of six, any named variety.

The exhibits will be judged by points on the following basis: Quality, 60 points; diversity and commercial value, 25 points; arrangement, 15 points.

Where grains are exhibited in the bundle, the judge will consider both quality and quantity.

All samples of grains must be correctly named as to variety. Tags to so designate them will be supplied by the superintendent in charge.

Each exhibit must be arranged so as not to occupy more than five feet of wall space. It is suggested that all exhibits of small grains, grasses and legumes be attached to a board, as in this way a much more effective display can be secured.

In the case of tobacco it is suggested that plants intended for exhibit be grown in pots, though cut tobacco may also be shown.

Where an exhibitor grows both smooth and bearded wheat he may, if he so desires, show a bundle of each and have same count as two of the six articles required to permit his exhibit.

The phrase, "two-inch bundle," used to designate quantity to be shown, means two inches in diameter when tied.

All exhibits will be marked by number tags alone, and no names of exhibitors shall in any case be attached nor shall there be any designation used whereby the identity of exhibitors may be known until after awards are made.

Exhibitors from any county in Kentucky will be eligible to competition. Entries close Monday, Aug. 2, at 6 o'clock p. m., and no entry will be accepted thereafter.

All exhibits must be placed not later than 6 o'clock p. m., of Saturday, Aug. 7, and no exhibit that is not in place and complete at that time shall be eligible to compete.

Prof. H. Garman of the Kentucky Experiment Station will act as Judge. Prof. George Roberts of the State University of Kentucky, will be Superintendent in charge.

The standing committee for the department consists of Mr. C. E. Marvin, chairman; Prof. C. W. Matthews, Dr. S. H. Halley, Prof. George Roberts, Mr. George D. Karsner.

Though in no sense relating to this exhibit or coming into competition for any of the prizes offered, the management of the Blue Grass Fair is gratified to state that the Kentucky Experiment Station will make a display at the fair on the lower floor of the Floral Hall, where this exhibit will be held. The display will be taken principally from the department of Prof. H. Garman, and will not only include a large number of samples of crops grown on the Experiment Station farm, but will also attempt to set forth intelligibly the insect pests which are a marked detriment to farm crops grown in Central Kentucky and which can be successfully combated by farmers who use improved methods recommended by the Experiment Station.

As in past years, the Blue Grass Fair will continue both day and night during the week of August 9th to 14th. Each evening, beginning at 7:30, a band concert will be given, the full program of free acts will follow, and all the large aggregation of shows will be open.
